CADENCE ACADEMY

ABOUT US

An institute engaged in educating students to build a career in a creative field must be evaluated by its quality certifications. Keeping this fact in mind Cadence Academy, a Fashion and Interior Design Institute kept quality as its hallmark and is a proposed ISO 9001-2008 certified education centre.

In its quest towards perfection the institute delivers top quality education through well-researched syllabus, adequate infrastructure, and excellent standards of teaching that emphasize the role of imagination in learning, while striving to integrate the intellectual, practical and artistic development of the learners.

Like its name implies, Cadence strives to inculcate in its students the rhythmic flow of creativity that places them several notches above the rest in this highly glamorous industry. The competitiveness of the sector notwithstanding, the allure of the world of fashion replete with its changing dynamics holds a fascination for creative students whose dreams are fulfilled in the design studios of Cadence Academy.

From a humble beginning at the turn of the century, Cadence Academy has cantered a long way, making its presence felt across Central India, and will soon spread its wings to encompass the rest of the country, while keeping a keen eye across the oceans too.

DIRECTOR'S

MESSAGE

“The fashion and interior industry does not only require a designer today. It requires a corporate professional who will create a quality product, which would be ecofriendly and would incur the minimum cost to fetch profit to the industry. And of course the professional would not compromise in terms of quality.

Cadence staff and infrastructure is committed to excellence. We do not only provide will, but we do provide skills which carve you as "corporate professional designers".

I wish you a load of happiness and recognition on behalf of the cadence family. It would be your wise decision to join us.

You put your heart and soul to our "body" (organization), lets initiate and meditate together to fly across the horizon of success.

Welcome to Cadence!

Rupesh Kumar

STRUCTURE

Cadence Academy runs competitive and comprehensive course for its students, designed by a team of experts from professional background. They offer courses in Fashion/Interior Design, Management & various other allied vocational courses.

Cadence has a State-of-the-art "resource centre" equipped with a plethora of informative books on Fashion and Interior Design. This collection is periodically updated. The institute has published a few books on Fashion & Interior Design, with valuable inputs from famous and highly reputed corporate professionals.

Cadence has a CAD Lab equipped with latest computers for technical and professional excellence in the key areas of designing. The Academy operates the Lab with a number of dedicated Fashion & Interior designing software. They also follow the ERP system strictly whereas all its centers are connected to the bud of Cadence with proper reporting and Management Information System.

The Academy has produced many Corporate Professional Designers. A large number of members of its alumni are working in various design houses, educational institutes or are running their own professional establishments successfully.

“

INDUSTRY

Since the year 2000, Cadence Academy has been stepping forward with innovative strategies and activities frequently in Fashion & Interior Designing courses based on far sighted clear vision of imparting qualitative vocational educational & non-educational courses. The academy is committed and will stand up-to students and industries' expectations of bridging the gap between Corporate Professional Designers and the current trendy designs required in designing industry.

We have tie-up with fbb (Fashion at Big Bazaar) wherein our students conduct various activities and every year we conduct Mr. & Miss fbb title show.

Even our students are doing internship with Future Group (Big Bazaar and Brand Factory).

We work with fashion design houses wherein our students go for internship. Few renowned names include Wonder blue, Richa global, Seven wonders, Specs design, Panchvati creation and many more.

We also arrange campus interviews for Interior Designing students. The placement percentage is around 75%. Many of our students are working with renowned architectural firms and many amongst them have started their own establishment

CULTURE

EXPERT FACULTY

An institute is only as good as its faculty; and at Cadence we make sure that our students are taught the nuances of their craft by faculty who are experts in their own right.

FOREIGN TOURS

Fashion & Interior is a global business and we at Cadence strongly believe that our students must have a global view of the world of Fashion & Interior. This is why we organize international tours to help our students get a first-hand look of various cultures, traditions, architecture, structures & so on.

WIFI CAMPUS

Connectivity is the key to success and at Cadence we ensure that our students get seamless connectivity in our campus.

FASHION SHOWS / EXHIBITIONS

Creations must be exhibited and to that end, Cadence organises Fashion Shows and exhibitions where leading models flaunt the creative work of our students before a discerning audience.

SYLLABUS TAILORED FOR SUCCESS

To touch the pinnacles of success in a highly competitive industry, it is imperative that our syllabus matches the needs of the industry. At Cadence we take care to upgrade our syllabus regularly to keep pace with the world of Fashion & Interior.

PERSONALIZED ATTENTION

Guidance plays a key role in the success of every individual which is why we take great care and give every student of ours, our undivided personal attention to help them iron out the little issues that may be hampering their success.

SCHOLARSHIPS

Talent doesn't recognize status and therefore to ensure that even the not so fortunate but talented students must have an opportunity to make it big in the Fashion & Interior industry, we at Cadence offer scholarships for deserving students.

PLACEMENT TIE - UPS / INTERNSHIPS

Cadence is now an established name in central India and has excellent tie ups with the Fashion & Interior industry to ensure that our successful students are given an equal opportunity to take their first step into the Fashion & Interior world through us. We also offer internships with some of our institutes across Central India.

INSTITUTE - INDUSTRY INTERFACE

Institute-Industry interface is one of the most important parts of a successful training academy. With its excellent industry rapport Cadence invites professionals from the industry to conduct seminars, deliver guest lectures and upgrade the soft skills of students thereby making them ready for employment with the best employers in the industry.

COMPLETE AUTOMATION (ERP)

We have the complete automation system wherein we help our students via E2E i.e. enquiry to employment format. Every student receives the opportunity to track all their academic, non-academic records through the specific log in ID and password given to them. The same ID & password help parents to track their wards' attendance, submissions, fee & internship details. Thus, the said ERP system proves to be very helpful in increasing the overall performance of students.

IMPORTANT INFORMATION FOR STUDENTS

- 1) Cadence authorised websites are www.cadenceacademy.in, www.cadenceacademy.org and www.cadenceonline.in.
- 2) Cadence Academy is Industrial Training Partner of Himalayan University. www.himalayanuniversity.com
- 3) Students must have their valid "cadence student id", generated by the cadence automation system. Without the valid "cadence student id", they won't be considered as a bona-fide cadence student.
 - A) The student needs to register first, by filling the admission form along with required testimonials and registration amount.
 - B) The cadence students' id would be only generated when the student pays the down payment.
 - C) After registration, student needs to pay the down payment amount. Once he pays the down payment amount, he/she becomes eligible to receive students' kit.
- 4) Every student should ask for a valid receipt for every payment made from the respective center.
- 5) After paying the registration plus down payment amount student must ask for his/ her students' kit. Students' kit comprises of Cadence bag, Cadence t-shirt, Reference book, Student's record book and Cadence badge.
- 6) Student must ask for calendar plan, syllabus, list of holidays etc. from his/ her concerned centre and should check the same on our authorised websites.
- 7) Direct admission to 2nd or 3rd year, would fetch a lateral entry fees.
- 8) If the student could not declare initially that he/she will do the degree course and later he/ she wishes to upgrade from diploma to advance diploma or from advance diploma to degree then he/ she will have to pay the up-gradation charges.
- 9) The university enrollment/Reg. No. is generated only after full payment is made.
- 10) Every student should go through the rules, regulations and transfer rules etc.
- 11) Student needs to acquire N.O.C from his/ her concerned centre if he/ she wishes to shift to another cadence centre.
- 12) Student will only be allowed to appear for the exam after the automation system generates the N.O.C for the same. To receive the N.O.C Attendance, Submission and fees payment are the different criterion to be taken care of. Kindly refer rules & regulations for the same, in student's log-in.
